Bed & Furniture Collection

BaKare Bed & Furniture Collection

Our Exclusive Bed & Furniture Collection takes its inspiration from classic Italian designs. The Milan, Bellano, Florence & Verona Furniture will be a beautiful addition to any bedroom. All of our Bello Sonno Beds have been designed with your comfort & relaxation in mind.

In Italian Bello Sonno means 'beautiful sleep'.

We have collaborated with leading therapists, carers and users of profiling beds to deliver a functional solution without compromising the homely and aesthetically pleasing appearance.

All of our Furniture Collections offer the following benefits:

- Built to order and pre-assembled
- All doors, drawers and tops are foiled wrapped for durability & easy cleaning
- Tops of the units have soft rounded corners for safety
- All cabinets are fitted with castors as standard

Our furniture collection is available in a choice of 12 wood finishes, 4 different designs and the furniture can be custom built to meet your individual requirements. We also have a range of extras and upgrades available (please see page 6) that will ensure you get the most from your furniture.

Milan Furniture Collection

Strong, clean and classic lines are the basis for our Milan Furniture Collection - the right choice for any bedroom setting.

Featuring rounded handles this collection is a cost effective solution for anyone wanting to freshen up their bedroom. The foil pressed curved tops with rounded corners add to its stylish design.

Bellano Furniture Collection

The Bellano Furniture Collection's distinctive three line detailing produces a stylish modern look that will transform any bedroom into a setting of beauty. Contemporary by design but functional in nature, the Bellano Furniture Collection features rounded chrome finished handles.

All of our furniture arrives pre-assembled for your convenience. The furniture tops of all our units have soft rounded edges for your safety. With 12 wood finishes to choose from and 39 different pieces, we are sure that you'll find the bedroom of your dreams.

Florence Furniture Collection

A clean smooth scoop effect is the basis of the Florence Furniture Collection. Its look is modern yet stylish, simple with a touch of elegance.

Aesthetically pleasing but functional, durable & easy to clean. Any protruding handles have been eliminated by the use of its scoop design. All of our furniture collections have been crafted to stand the test of time. All of our cabinets have been fitted with castors as standard.

Verona Furniture Collection

The Verona Collection strongly promotes a safe and comfortable environment without compromising on the appearance of the bedroom.

This collection is very unique, as it has been specifically designed to support and meet the needs of people living with dementia. There are no handles, in their place are hollow recesses; this allows viewing into the drawers and units. Its fresh and clean approach will transform any bedroom.

Wood Finishes & Extras

Our Bed & Furniture Collection is easy to customise with many wood finishes and upgrades.

With 12 wood finishes to choose from and the availability of many upgrades we are sure that you'll find the bedroom of your dreams. Colours are a guide only and may vary due to limitations of the print process, wood finish samples are available on request.

Bello Sonno Classic Bed

With its homely appearance and modern design, the Bello Sonno Classic Bed aims to enhance an individual's lifestyle without compromising the look of your bedroom. One of the main benefits of the Bello Sonno range of beds is that if your needs change, then the bed can be upgraded at any point in the future.

No more propping yourself up with pillows to enjoy a drink, watch television, read or use a laptop in bed. At the press of a button on the easy to use hand control, the electric motor system will effortlessly sit you up in bed, making you more comfortable. Why stretch or bend over to make the bed in the morning? Using the electric height adjustment feature on the Bello Sonno Classic, the beds lying surface can be raised to a level that suits you.

Benefits of Bello Sonno Classic Bed:

- Anti-mattress compression
- Choice of 12 wood finishes
- Electric height adjustment
- Electronic braking feature
- Optional comfort lying surface
- Optional assist or nursing rails
- Anti-Mattress Compression to take pressure away from the stomach area when manoeuvring into a seated position

Technical Data

Bed Type	Lying Dimensions	External Dimensions
Bello Sonno 90 Single	W:90cm x L:200cm	W:94cm x L:204cm
Bello Sono 120 Premium Single*	W:120cm x L:200cm	W:124cm x L:204cm
Bello Sonno 140 Double	W:140cm x L:200cm	W:144cm x L:204cm

*Single platform profiling
All of the Bello Sonno Classic Beds can also be ordered 20cm longer (7.9 inches) if required. Safe working load of all Bello Sonno Classic single platform beds is 120kg (28.3 stone).

Upgrading the bed

Why pay for side rails if they aren't currently required? One of the main benefits of the Bello Sonno range of beds is that they can be upgraded at any point in the future, if/when your needs change. Let's say you're finding it a little difficult in the morning to get out of bed, then you could either order one or two head section 'assist' side rails that will help you transfer in & out of bed. Quad side rails (top & bottom rails) that provide protection from rolling out of bed, can also be added if needed.

Electronic Braking

The undercarriage offers a more homely appearance due to its electronic braking system. Although the bed appears to be on four fixed legs, when the bed needs to be moved for cleaning or care purposes, at the press of two buttons on the handset when the bed is in its lowest position, the wheels will electronically deploy from each leg allowing the bed to be moved quickly & easily.

Bello Sonno Low Bed

The Bello Sonno Low Bed combines all of the features & benefits you'd expect from a premium quality low bed. The functionality of the Bello Sonno Low Bed far exceeds other care beds within this price bracket. Its modern, stylish and homely appearance will exceed your expectations of what a care bed can offer.

The Bello Sonno Low Bed has a comfort chair position as standard. The Comfort Chair function takes traditional methods of sitting in bed a step further, by allowing the whole bed to tilt forward. This allows the user to adjust their viewing angle whilst still being relatively laid flat, for a more relaxing seatedexperience.This combined with Anti-Mattress Compression technology will ensure that you will always find optimum comfort in bed, whilst relaxing, reading or watching television.

Benefits of Bello Sonno Low Bed:

- Anti-mattress compression
- Choice of 12 wood finishes
- Electric height adjustment
- Optional comfort lying surface
- Optional assist or nursing rails
- 4 section electric profiling
- Optional battery backup
- Anti-Trendelenburg comfort chair position

Technical Data

Bed Type	Lying Dimensions	External Dimensions
Bello Sonno 90 Single	W:90cm x L:200cm	W:94cm x L:204cm
Bello Sono 120 Premium Single*	W:120cm x L:200cm	W:124cm x L:204cm

*Single platform profiling
All of the Bello Sonno Low Beds can also be ordered 20cm longer (7.9 inches) if required.
Safe working load of all Bello Sonno Low Beds is 225kg (35.5 stone).

Upgrade the bed

The beds are available with several options of side rails to meet the user's specific requirements:

- Assist rails: 2x head section rails only, which can help make entering/exiting the bed safer and easier
- Quad side rails: The Quad side rails are our most popular side rail configuration. The split side rails (two per side) can be used as 'assistive rails' or 'protective rails'

Lockable Undercarriage

The Bello Sonno Low Bed has a 2+2 lockable undercarriage as standard. This is more suited for use in an environment where the bed needs to be moved for cleaning or care purposes within the same room. There are two accessible foot pedals at either end of the bed on both sides, which unlock the wheels quickly & easily so the bed can be moved. It can also be mobilised at any height, this lowers the risk of injury whilst moving the bed.

Bello Sonno Partner Bed

With 12 choices of wood finishes the Bello Sonno Partner concept is for couples that want to be in the same bed, although they may have different needs. The Bello Sonno Partner concept presents you with two beds that look identical, even though one of those beds may not have the same functionality as the other.

One common complaint is when partners have different requirements yet want to share the same bed. The Bello Sonno Classic Double & Partner Double can be split for care purposes. This means that if any care needs to be administered, the bed can be split to give easy access for the care giver.

The technical data table and the outline of benefits is only for the Bello Sonno Partner Bed, this is a profiling bed which is non height adjustable. For more information on the Bello Sonno Classic please refer to pages 9 & 10.

Benefits of Bello Sonno Partner Bed:

- Anti-entrapment safety system fitted as standard to height adjustable Bello Sonno Partner Bed models
- Electronic braking feature on height adjustable models only
- Availability of splitting the bed for care or cleaning purposes (only with electronic braking beds)
- Optional wall board, assist or nursing rails available
- Optional comfort lying surface available
- Integrated headboards as standard
- Choice of 12 wood finishes
- 4 section electric profiling

Bello Sonno Partner Bed options:

- The Bello Sonno Classic Double: This comprises of two Bello Sonno Classic Beds (see page 9)
- The Bello Sonno Partner Double: This provides you with one Bello Sonno Classic Bed (see page 9) and one profiling bed that is not height adjustable
- The Bello Sonno Companion: This offers you two profiling beds which are both not height adjustable

Available combinations:

- 2x fully height adjustable & profiling beds
- 1x fully height adjustable & profiling bed and 1x non-height adjustable profiling bed
- 2x profiling only beds

Technical Data

Bed Type	Lying Dimensions	External Dimensions
Bello Partner*	W:180cm x L:200cm	W:188cm x L:204cm

*All of the Bello Sonno range of partner beds are made up of 2x 90cm x 200cm lying surfaces (180cm x 200cm combined).

Any combination of the Bello Sonno range of partner beds can be ordered 20cm longer (7.9 inches) if required.

The safe working load for each side of the Bello Sonno Partner Double bed is 120kg (28.3 stone) or 240kg (56.6 stone) combined.
